

working towards a  
sustainable future

## Latest Newsletter – March 15 2010

Dear All

This coming Saturday there will be a small working party in the school environment area to build the raised beds for the children to start to grow vegetables in. I had hoped to hold this working party earlier but I was waiting on items to be delivered to the school on behalf of Morrisons. The working party will start at 09:30 and finish at midday. All the Tea etc. will be available. If enough people turn out we will give the area a quick spring clean as well. The brash hedge we put up to stop people taking a short cut has worked a treat and the daffs are coming up nicely. It will be interesting what else is showing now the weather is warming. Whilst on the SEA, Anthony informed me the other day that a week ago a Long Eared Owl got caught in a line off a old kite which was wrapped around the phone wires by the cricket ground. The under fives contacted the RSPB and the Owl was rescued checked over and released back into the wild.

On Friday the 26th March the school are holding their Village Quiz in the School Hall Starting at 8pm prompt. If anybody is interested in forming a OCI team again let me know. Entry is £2.50 a head which includes a pie and peas supper. There is no bar so any drinks will have to be brought along. We did quite well last year just falling at the last hurdle.

On Saturday the 27th March the Millennium Green are holding their annual working morning from 09:30. Wellies, Gloves and shears etc are the order of the day and any help however small will be much appreciated.

I hope to be able to have a date in April for a Marsh Common working party soon. It is as usual dependent on the arrival of plants etc.

Regards Robert Mackley - Chairperson
